

Do you want to place and track an Interlibrary Loan request?

If you're searching from home, you can start by going to the library website <http://www.lmlibrary.org> then click on [Search our Catalog](#).

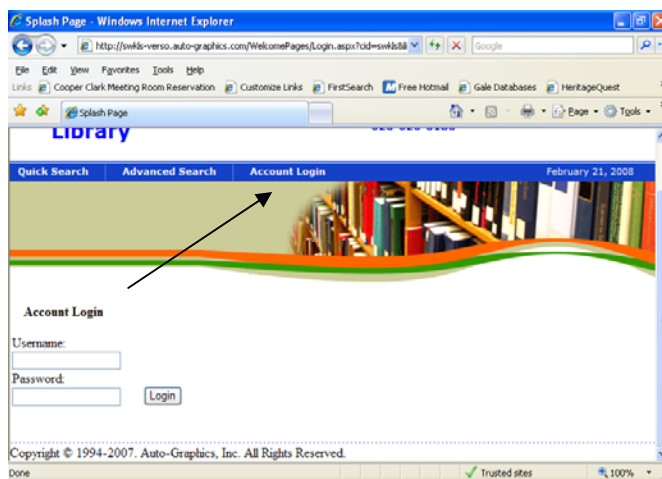

To login, click on Account Login then click on My Agent.

The username will be your **library card number** and the password is the same password you use to login to the computers or use the self-check machine.

If you do not know your password, you can ask at the front desk.

Now you are ready to do your search.

If our library has what you've searched for, it will show at the top, under Swiftnet. If other libraries have it, it will be below, under Kansas Main Catalog

Click on the title you want. The more locations an item has, the better the chance of getting it on loan.
